DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

2. Claims 1-15 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record neither shows nor suggest a method of manufacturing an arc tube in which a phosphor layer is formed, comprised of, in part, a preliminary drying process of drying the phosphor suspension that coats the inner surface, while rotating the bent glass tube on the axis in a second direction that is opposite to the first direction, with the bent glass tube in an inclined state such that the axis is inclined with respect to a vertical direction, along with the rest of the limitations of the claim (independent claim 1).

Due to their dependency, claims 2-15 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
